Component Checklist

(Failure to provide the following information will result in an incomplete plan)

E&S Components

_____ USGS topographic location (8 1/2" X 11) _____ Soil survey location (8 1/2" X 11)
 _____ Erosion controls shown with details
 _____ Permanent controls
 _____ Seeding specifications, mixes, application rates, mulch type
 _____ Soil maps and classes of site
 _____ Detailed plan narrative _____ Plan details included
 _____ Wetland mitigation reports included
 _____ Wetland mitigation sites
 _____ Chapter 105 permits required for project

NPDES Components

*Please refer to the component checklist included with the NPDES permit application packet.

Stormwater Components

_____ Narrative _____ Retention systems
 _____ Site plans, location map and topographical information _____ Precipitation and Stormwater data
 _____ Methods of runoff calculations
 _____ Worksheets and calculations
 _____ Design consideration of Stormwater velocity & volume
 _____ Consideration of downstream effects of released water

General Permit Components

*Please refer to the component checklist included with the Chapter 105 permit application registration checklist.
