**You should be contacted by a representative of the program within the next several weeks.
Construction of the rain gardens is scheduled to start in early summer, 2010.**

*There is no cost or obligation associated with completing this form. Mount Pleasant Borough has received a grant to design, install, and landscape up to 40 rain gardens in and around Ramsay Terrace. These locations will be determined on a first-come, first-served basis from among those who indicate their interest on this form and whose property is evaluated as suitable by the program representative.

Eligible residents who elect to have a rain garden installed will be responsible for giving it routine, normal maintenance – weeding, watering, and pruning.

*Funding for the rain gardens is being provided by the Pennsylvania Department of Environmental Protection through Section 319 of the Federal Clean Water Act administered by the U.S. Environmental Protection Agency. The Richard King Mellon Foundation is providing funding for the public information meetings.
